

INTERNATIONAL CONFERENCE ON

BIOPOLYMERS AND POLYMERS

SEPTEMBER 23-24, 2026

BERLIN, GERMANY

ICBPS2026

Join Us

The International Conference on Biopolymers and Polymers (ICBPS2026) is organized to bring together global leaders in polymer science, biopolymer technology, materials research, and sustainable innovation. We are committed to creating a high-quality scientific platform where researchers, academicians, industry professionals, and students can share their insights, present their findings, and explore emerging trends that shape the future of polymer science.

WHO SHOULD ATTEND?

- Researchers & Innovators
- Professors & Academic Leaders
- Industry Experts & R&D Heads
- Students, Scholars & Young Professionals
- Sustainability, Circular Economy & LCA Experts
- Material Scientists & Polymer Engineers
- Biomedical & Packaging Professionals
- IP, Patent & Tech-Transfer Experts
- Policy Makers & Industry Strategists

WHERE
SCIENCE
SHAPES THE
FUTURE

EXPERIENCE INNOVATION AT ITS FINEST

“Join global experts, present your research, and explore the latest innovations in polymer and biopolymer science.”

ENGAGING ACTIVITIES

- Plenary & Keynote Talks
- Expert Panel Discussions
- Oral Research Sessions
- Poster Presentation Displays
- Workshops & Industry Exhibitions
