About the Conference

The **4th International Conference on Nursing and AI-Driven Digital Healthcare (NURSING-2027)** is a premier global forum dedicated to advancing nursing practice, artificial intelligence, and digital healthcare innovation. The conference will be held on **July 12–13, 2027**, in **Hamburg, Germany**, under the theme "**NURSING-2027 – Advancing Nursing Excellence Through AI and Digital Healthcare Innovation.**"

NURSING-2027 brings together nurses, researchers, clinicians, academicians, healthcare professionals, industry experts, policymakers, and students from around the world to exchange knowledge, present cutting-edge research, foster global collaborations, and explore innovative solutions shaping the future of nursing and patient-centered healthcare.

Why Attend?

- ✓ Present your latest research to an international audience of nursing and healthcare professionals.
- ✓ Exchange ideas with renowned nurses, clinicians, researchers, educators, and AI experts.
- ✓ Discover the latest advancements in nursing, artificial intelligence, digital healthcare, and patient-centered care.
- ✓ Build collaborations with universities, hospitals, healthcare organizations, and industry leaders.
- ✓ Expand your professional network with experts from academia, clinical practice, research, and technology.
- ✓ Explore opportunities for interdisciplinary research, innovation, and global partnerships.
- ✓ Gain valuable insights through keynote presentations, scientific sessions, and interactive discussions.
- ✓ Experience the vibrant city of **Hamburg, Germany**, while participating in a world-class international nursing conference.

4th International Conference on Nursing and AI-Driven Digital Healthcare
