About the Conference

The **2nd International Conference on Public Health and Health Care System (PUBLICHEALTH-2027)** is a premier international forum dedicated to advancing public health research, healthcare innovation, and sustainable healthcare systems. The conference will be held on **April 19–20, 2027**, in the vibrant city of **Milan, Italy**.

PUBLICHEALTH-2027 aims to bring together leading researchers, healthcare professionals, clinicians, academicians, policymakers, public health practitioners, industry experts, and students from around the world to exchange knowledge, discuss emerging public health challenges, and explore innovative solutions that improve health outcomes globally.

The conference provides an excellent platform for presenting cutting-edge research, building international collaborations, sharing best practices, and discovering new approaches that contribute to healthier communities and stronger healthcare systems.

Why Attend?

- ✓ Present your latest research to an international audience.
- ✓ Exchange ideas with renowned public health professionals and researchers.
- ✓ Learn about recent developments and innovations in public health and healthcare.
- ✓ Build collaborations with universities, hospitals, NGOs, and research institutions.
- ✓ Expand your professional network with experts from academia, industry, and government organizations.
- ✓ Explore opportunities for research partnerships and future collaborations.
- ✓ Gain valuable knowledge through keynote presentations and scientific discussions.
- ✓ Experience the cultural and historical beauty of Milan while participating in a world-class scientific conference.
